

Incident Action Plan

SS014-25

Operational Period:

2025-09-29

2025-09-29

to

8:00

20:00

Incident Commander: _____ Jason Currie

Planning Section Chief: _____ Raelene Lamalice

Incident Objectives (ICS 202-WF)

1. INCIDENT NAME	SS014-25	2. DATE PREPARED	2025-09-28	3. FIRE SIZE	160,018.00 ha
4. OPERATIONAL PERIOD	Date From:	2025-09-29	Date To:	2025-09-29	
	Time From:	8:00	Time To:	20:00	

5. GENERAL CONTROL OBJECTIVES FOR THE INCIDENT (include alternatives)

1. Protect human life and maintain public safety throughout the incident area.
2. Prevent fire growth through strategic suppression planning and active perimeter control.
3. Protect values at risk, including cabins and assets along Highway 3 north to KM Marker 90, east to the winter crossing, and west to the Horn River.

6. WEATHER FORECAST (Y/N)

Cloudy. Chance of showers.

Temp- 11 degrees
Wind – East 10G30
RH 70%

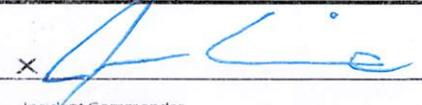

7. GENERAL SAFETY MESSAGE

Transition periods

Risks to fire-line personnel increase significantly during transition periods regardless of the size or complexity of the incident. There is a high potential for serious injuries or incidents during transitions. Be proactive in mitigating the risks by proper implementation of LACES—Lookouts, Anchor Points, Communications, Escape Routes, and Safety Zones.

------------------------	------------------	------------------------	--------------	------------------

ICS 205A Communications List

Purpose. The Communications List (ICS 205A) records methods of contact for incident personnel. While the Incident Radio Communications Plan (ICS 205) is used to provide information on all radio frequencies down to the Division/Group level, the ICS 205A indicates all methods of contact for personnel assigned to the incident (radio frequencies, phone numbers, pager numbers, etc.), and functions as an incident directory.

Preparation. The ICS 205A can be filled out during check-in and is maintained and distributed by Communications Unit personnel. This form should be updated each operational period.

Distribution. The ICS 205A is distributed within the ICS organization by the Communications Unit, and posted as necessary. All completed original forms must be given to the Documentation Unit. If this form contains sensitive information such as cell phone numbers, it should be clearly marked in the header that it contains sensitive information and is not for public release.

Notes:

- The ICS 205A is an optional part of the Incident Action Plan (IAP).
- This optional form is used in conjunction with the ICS 205.
- If additional pages are needed, use a blank ICS 205A and repaginate as needed.

Block Number	Block Title	Instructions
1	Incident Name	Enter the name assigned to the incident.
2	Operational Period <ul style="list-style-type: none"> • Date and Time From • Date and Time To 	Enter the start date (month/day/year) and time (using the 24-hour clock) and end date and time for the operational period to which the form applies.
3	Basic Local Communications Information	Enter the communications methods assigned and used for personnel by their assigned ICS position.
	• Incident Assigned Position	Enter the ICS organizational assignment.
	• Name	Enter the name of the assigned person.
	• Method(s) of Contact (phone, pager, cell, etc.)	For each assignment, enter the radio frequency and contact number(s) to include area code, etc. If applicable, include the vehicle license or ID number assigned to the vehicle for the incident (e.g., HAZMAT 1, etc.).
4	Prepared by <ul style="list-style-type: none"> • Name • Position/Title • Signature • Date/Time 	Enter the name, ICS position, and signature of the person preparing the form. Enter date (month/day/year) and time prepared (24-hour clock).

Safety Message/Plan (ICS 208)

1. INCIDENT NAME Fort Providence Fire – SS014-25	2. OPERATIONAL PERIOD From: Sept 29, 2025 Time 0800 To: Sept 29, 2025 Time 2000
--	---

3. SAFETY MESSAGE / EXPANDED SAFETY MESSAGE, SAFETY PLAN, SITE SAFETY PLAN:

SAFETY MESSAGE

Operational Briefings / Changing Resource Levels

Critical for safe fire operations, more important as leadership changes and resources come into or leave your division as they facilitate the transfer of knowledge and situational awareness to the new resources.

- Don't make assumptions about experience & situational awareness of new resources
- Encourage new resources to ask questions, prompt them to ensure they have a good awareness
- As resource levels change, adjust your tactics to maximize success

In addition to IAP and Ops morning briefing, also consider the following items as part of a routine briefings:

Situation: <ul style="list-style-type: none"> • Terrain influences • Fuel type and conditions • Fire weather (previous, current, and expected) • Fire behavior (previous, current, and expected) 	Mission/Execution: <ul style="list-style-type: none"> • Command (Incident Commander/immediate supervisor) • Leader's intent • Specific tactical assignments • Contingency plans
Communications: <ul style="list-style-type: none"> • Communication Plan (tactical, command, air/ground frequencies, cell phone numbers, etc.) • Medevac Plan (heli-pad location) 	Service/Support: <ul style="list-style-type: none"> • Other resources working adjacent to you and those available to support your ops • Aviation operations • Logistics (e.g., transportation, supplies, equipment)
Risk Management: <ul style="list-style-type: none"> • Identify known hazards and risks • Identify control measures to eliminate hazards and reduce risk • Identify trigger points for disengagement or re-evaluation of operational plan 	

and always

L.A.C.E.S.

ARE RESOURCE LEVELS CHANGING IN YOUR DIVISION?

HOW ARE YOU GOING TO ADAPT TO MAXIMIZE SAFETY AND PRODUCTIVITY?

4. SITE SAFETY PLAN REQUIRED. No
Approved Site Safety Plan(s) Located At:
